David has over 10 years experience as a landscape architect on a variety of public and private projects covering the coast from Queensland to Victoria. David has published numerous constructed landscape works through local newspapers, national magazines and television including work on the Lifestyle Channel. Habitation has won two most outstanding design awards for courtyards designed for SIB. He has been Senior Landscape Architect with numerous large scale landscape firms and manager of Patio Landscape Design prior to starting HABITATION.

David has extensive experience on large scale urban projects including subdivision, public domain master plans, streetscape design, urban parks and riparian corridor rehabilitation. Recent projects include the Norton Street Gateway and stree upgrade, two new parks for Tweed Council and the South grafton Industrial Precinct Plan. David has facilitated numerous community consultation events and has effectively worked closely on a variety of projects with Council officers, Councillors and the community.

In recent years David has completed numerous community based projects such as playgrounds, schools, unversitties and aged care facilities.

With the support of his bussines partners David is expanding Habitation's project base into Queensland, South Australia, Victoria, New Zealand, India and Dubai.
